TASK-4

PART A:

Email 1: Extension Request

Subject: Extension Request: [Module1 Assignment] – Riddhi Gupta

Dear Professor,

I hope you're having a good week.

I am writing to see if it might be possible to get a brief extension on the upcoming [Module 1 Assignment] deadline, which is currently set for this [1 April,2026]. Unfortunately, I've run into some unexpected personal circumstances recently that have set me back a bit on my research.

I really want to make sure I submit my best work for this project, so I was hoping I could turn it in by [5 April,2026] instead. Please let me know if this would be acceptable, or if you need any further information from my side.

Thank you so much for your time and understanding.

Best regards,

Riddhi Gupta

Email 2: Internship Inquiry

Subject: Inquiry: First-Year Summer Internship Opportunities – Riddhi Gupta

Dear Internship Coordinator,

I am writing to express my strong interest in a summer internship position at **[Google]**. I am currently a first-year student at **VIT Bhopal University** pursuing a **B.Tech in Computer Science and Engineering with a specialization in Cloud Computing and Automation.**

As I complete my first year of technical studies, I have developed a solid foundation in programming and an understanding of scalable infrastructure. I am particularly fascinated by the role of **Automation** in modern cloud environments and am eager to apply my academic learnings to a professional setting. My goal for this summer is to contribute to your team while gaining hands-on experience in **automated deployment** and **cloud-native solutions**.

I have attached my resume, which details my academic background and current technical projects. I would appreciate the opportunity to discuss how my proactive approach and my specific interest in cloud automation could support your upcoming summer initiatives.

Thank you for your time and consideration. I look forward to the possibility of hearing from you.

Best regards,

Riddhi Gupta
